A PLACE OF REFLECTION
SANCTUARY MANDELA

THE HEART OF MADIBA HERITAGE

Paying homage to Madiba's depth of character and contemplative spirit, Sanctuary Mandela is surrounded by lush gardens and retreat spaces filled with perfectly-curated exhibits that pay tribute to the human rights activist, former perfect president and global icon, Nelson Rolihlahla Mandela. Every corner of the boutique hotel is envisaged to provide the combination of tranquillity, heritage, and mindful experiences. Time spent at Sanctuary Mandela promises a sense of healing and reflection for all visitors.

Set in Nelson Mandela's primary place of residence in the leafy-green suburb of Houghton, Johannesburg, Sanctuary Mandela includes elements of the home Madiba lived in after he returned from Robben Island, where he hosted the likes of Michael Jackson and Oprah Winfrey, and which later became the headquarters of the Nelson Mandela Foundation. Sanctuary Mandela is now a re-envisioned residency, a one-of-a-kind boutique hotel with 9 curated rooms and retreat spaces for reflection, healing, and thought-provoking experiences inspired by the life and times of Nelson Mandela.

A BLEND OF HERITAGE AND FUNCTIONALITY

In designing Sanctuary Mandela, it was important to ensure that it achieved the optimal blend of being a functional boutique hotel while still reflecting its status as an iconic part of South African history.

As such, there is a deliberate contrast between the parts of the hotel made up of the original house and those that are new constructions. Through the use of elements such as exposed brick and steel beams, the sense that something old being built out of something new is created. This echoes the role Madiba played in forging a new South Africa out of the ashes of Apartheid.

Where parts of the original house had to be demolished, materials were saved to be used throughout the hotel. Bricks from the original house, for example, have been incorporated into the reception counter and some of the original flooring has been framed as artwork in the Insights restaurant. A wall from the original house, meanwhile, has been retained and turned into a gallery wall, which features donated artworks from the Nelson Mandela Foundation's archives.

Subtle nods to the property's history and Madiba's life are woven throughout the hotel and its grounds, giving guests a powerful sense of where they're staying without it feeling overpowering.

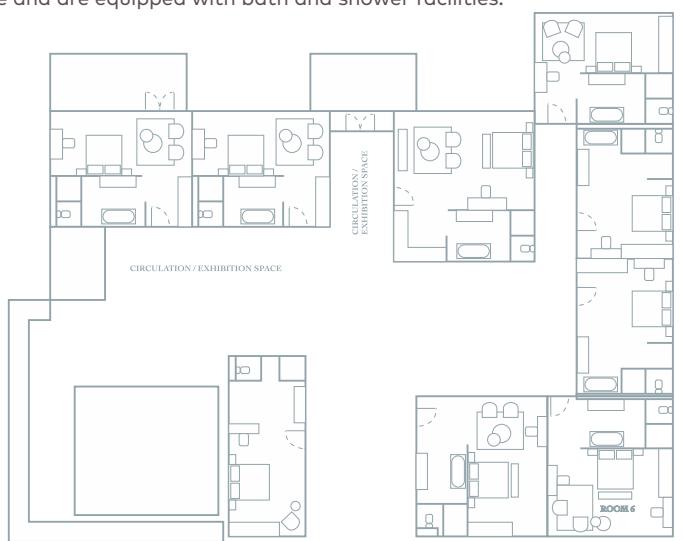

SUITES FIT FOR A PRESIDENT

As a multifaceted man with many talents, skills, and passions, the nine rooms are a reflection on the extraordinary life of Nelson Mandela, with each room dedicated to a part of the great man's life, from his childhood, through to his time as an activist, prisoner, and ultimately, president and statesman.

Sanctuary Mandela offers 9 spacious bedrooms with air conditioners and all modern conveniences. We pride ourselves on making every experience a memorable one. Guests will find small nods to Madiba's life in each of the rooms, including photos and letters from important points of Madiba's life as well as subtle references to some of the historic moments he was involved in. All rooms offer a choice of either two single beds or a king-size bed. All rooms are en-suite and are equipped with bath and shower facilities.
